*(BIRDEM Med J 2017; 7(3): 248)*

This peer reviewed journal is an important assortment of different articles related to various disciplines of medical and allied sciences. It welcomes original articles, review articles, meta-analysis, systematic reviews and case reports from physicians and allied professionals of different medical/scientific institutions from home and abroad. The website of the journal ([www.birdemmedj.org](http://www.birdemmedj.org)) can be browsed conveniently and the journal can be viewed online through Google and Yahoo. Its ISSN is Print: 2305-3712, Online: 2305-3720. We have received official registration for the journal from Bangladesh Medical and Dental Council (BMDC). It has also been enrolled to BanglaJoL. Any one can browse article by searching the title. Manuscript can now be submitted online. We are also enriched with system to enumerate the number of online readers who have browsed and visited our journal through web site. The statistics is very much enthusiastic and it surely encourages us very much.

We have already increased the number of original articles due to available good manuscripts. We have increased the number of issues i.e our journal is published in every four months instead of (previous) every six months. This is obviously due to encouraging response from our enthusiastic readers and authors. These all proves endorsement of quality, timely publications and fair peer review process of our journal. In this issue, we have highlighted national natural calamities and their threat to our health as editorial.

We feel tremendously buoyed by our readers participation and their responses from all over the globe. We are very much thankful to the online readers. We also express our pristine appreciation and gratefulness to the authors who bolster our hope immensely and enrich the journal aptly with valuable articles. The editorial board and the advisory boards are eagerly looking forward to your valuable advice, suggestions and recommendations in the future. With very much appreciation to our authors, who encourage us and enrich the journal with articles of variation, eagerly waiting for newer articles.
