We have received official registration for the journal from Bangladesh Medical and Dental Council (BMDC). It has also been enrolled to BanglaJoL. One can browse articles by searching the title. Manuscript can now be submitted online. We can enumerate the online readers. Needless to say, the statistics is very much encouraging and enthusiastic.

The number of original articles have already been increased. The journal is now published in every 4th month instead of previous 6th month. These all proves endorsement of quality, timely publication and fair peer review process of the journal. In this issue we highlighted 'doctor patient relationship' which is part and parcel of good medical practice as editorial.

We feel tremendously buoyed by our readers participation and their responses from all over the globe. We are very much thankful to the online readers. We also express our pristine appreciation and gratefulness to the authors who bolster our hope immensely and enrich the journal aptly with valuable articles.
