Alhamdulillah! With the publication of this issue we are completing seven years of publication of Journal of Enam Medical College. This is a great success and landmark in the trajectory of the journal. We share this success with the contributors, reviewers and faculties and authority of the college without whose active and sincere cooperation it would not have been possible to publish the journal regularly and timely. We are really very grateful to all of them.

The flow of paper submission for publication in the Journal of Enam Medical College continues to be very good. Papers are flowing in also from outside the country. This has been because of the quality of the journal and regular and timely publication.

Participation in the national and international conferences regarding publication of scientific journals promotes exchange of ideas among editors, authors, researchers, librarians and publishers of medical journals and expands collaboration among different countries. Editor-in-Chief, Journal of Enam Medical College attended the Asia Pacific Association of Medical Journal Editors Convention (APAME Convention) 2017 organised jointly by the International Organizing Committee of APAME and Faculty of the University of Health Science Lao PDR in collaboration with the libraries of the Offices for the South East Asian and Western Pacific Region of World Health Organisation (WHO) held from August 17–19, 2017 in Vientiane Plaza Hotel, Vientiane, Lao PDR. He also attended the 34th FIMA Council Meeting and FIMA Scientific Conference held in Istanbul, Turkey from July 18–21, 2017 jointly organised by Federation of Islamic Medical Associations (FIMA) and Hayat Foundation for Health and Social Services, Turkey in partnership with Ministry of Health of the Republic of Turkey and Istanbul Medeniyet University, Turkey. His participation in these grand meets greatly acquainted the Journal of Enam Medical College and also the institution among the medical journal editors and research scientists and medical practitioners of Asia Pacific region and many other countries of the world.

With all the best wishes.

Prof. Md. Aminul Haque Khan
