CPD Programme

Continuing professional development is the process of life-long learning in practice. It helps the medical professionals to keep them up-to-date to meet the needs of the patient and health care services and to improve their knowledge, skill and attitude. In Enam Medical College total 10 seminars were held during the period of May to August 2017. Around 300 students, doctors and teachers attended each of these seminars.

CME Programme

To enhance communication skill in teaching and learning and efficiency of judgment of teachers, especially the freshly appointed teachers in the assessment in examinations and to improve medical teaching standard of teachers by refreshing knowledge, skill and attitude, continued medical education (CME) programmes are very much needed. It is also essential to make them oriented with the updating of education system, teaching and research methodology and to share experience and views of senior faculties. In these perspectives, Medical Education Unit of Enam Medical College is arranging quarterly teaching and learning sessions for all teachers of the college. All the teachers of the college actively participate in these sessions.

Participation in scientific conference abroad

Dr. Md. Aminul Haque Khan, Professor & Head, Department of Biochemistry, Enam Medical College, Savar, Dhaka and Editor-in-Chief, Journal of Enam Medical College attended the 34th FIMA Council Meeting and FIMA Scientific Conference held in Istanbul, Turkey from July 18–21, 2017 jointly organised by Federation of Islamic Medical Associations (FIMA) and Hayat Foundation for Health and Social Services, Turkey in partnership with Ministry of Health of the Republic of Turkey and Istanbul Medeniyet University, Turkey.
