

From the desk of Editor-in-Chief

doi: <https://doi.org/10.3329/jemc.v9i2.41406>

Alhamdulillah! It has been nearly a decade since we have published the first issue of Journal of Enam Medical College. During this period the journal has been indexed in more than a dozen indexing databases though not in PubMed. We share this success with the contributors, reviewers and faculties and authority of the college without whose active and sincere cooperation it would not have been possible to publish the journal regularly and timely.

The flow of paper submission for publication in the Journal of Enam Medical College continues to be excellent. Papers are flowing from both home and abroad. This has been because of the quality of the journal and regular and timely publication. We hope that researchers will submit papers having strong implications for patient care or understanding disease biology. Let our efforts ensure to serve the patients more effectively, ethically and empathically.

Participation in the national and international conferences and workshops promotes exchange of ideas among professionals. During the last four months period a good number of teachers of Enam Medical College participated in scientific conferences and workshops abroad and many of them presented papers. Their participation in these conferences and workshops greatly acquainted Enam Medical College among the professionals attending these conferences. We congratulate all of them.

With all the best wishes.

Prof. Md. Aminul Haque Khan
