### CPD Programme

Continuing Professional Development (CPD) is a process by which individuals take control of their own learning and development, by engaging in an on-going process of reflection and action. It assists the medical professionals to keep them up-to date to converge the necessity of the patient and health care services and to upgrade their knowledge, skill and attitude. Enam Medical College arranges CPD programme regularly. During the period of May 2022 to August 2022, total 06 seminars were held. Around 300 students, doctors and teachers attended each of these seminars.

### CME Programme

Center for Medical Education (CME) under the direction of Department of Health Education has been conducting training for teachers working in various medical institutions for the purpose of health education and manpower development. Prof. Mejbah Uddin Ahmed (Head, Department of Microbiology) of Enam Medical College participated in the workshop was held from 04 to 06 December 2021 at Mom Inn Hotel and Resort, Bogra as a focal person on “Teaching Methodology and Assessment” on the instruction of the Director General of the Department of Health Education. CME directed to arrange total 12 sessions on “Teaching Methodology and Assessment” for teachers (six month duration) under the supervision of institutional CME committee. In continuation of that, Medical Education Unit of Enam Medical College has scheduled first batch (June 2022 to November 2022) of teachers’ training. Forty teachers of Enam medical college were enrolled for the first workshop.
