CPD Programme

Continuing professional development (CPD) is a process by which individuals take control of their own learning and development by engaging in an on-going process of reflection and action. It assists the medical professionals to keep them up-to-date to converge the necessity of the patients and health care services and to upgrade their knowledge, skill and attitude. Enam Medical College arranges CPD programme regularly. During the period of January 2023 to April 2023, total 10 seminars were held. Around 400 participants (teachers, doctors and students) attended each of these seminars.

CME Programme

Center for Medical Education (CME) under the direction of Department of Health Education has been conducting training for teachers working in various medical institutions for the purpose of health education and manpower development on “Teaching Methodology and Assessment”. CME directed to arrange total 12 sessions on “Teaching Methodology and Assessment” for teachers (six-months duration) under the supervision of institutional CME committee. CME of Enam Medical College has successfully completed the second slot of workshop on April 2023.

Attending Scientific Conferences and Training program at Home and Abroad

Prof. Md. Shahjamal Khan, Professor and Head, Department of Endocrinology, Enam Medical College & Hospital, Savar, Dhaka attended 16th International Conference on Advance Technologies and Treatment for Diabetes (ATTD-2023) held at Berlin, Germany on 22th February 2023.

Celestial Result in Professional Examinations

Congratulations to Mehvish Baba! We are delighted to share that Mehvish Baba (EM-17, Roll: 023), a dedicated and talented student of Enam Medical College (EMC), has achieved an outstanding milestone by securing 3rd position in 1st Professional MBBS Examination of University of Dhaka held in November 2022. Her success not only brings immense pride and joy to the college community but also serves as an inspiration to her peers to pursue excellence with dedication and determination. We wholeheartedly congratulate Mehvish on this well-deserved accomplishment and wish continued success in her journey to becoming an outstanding medical professional.
